Costa del Sol, Mijas Pueblo

Solaris is a recent residential development of 80 new apartments for sale in Mijas, distributed on a plot of more than 10,000m². Given its super convenient location, it will take only 20 minutes by car to get to Marbella and 25 minutes to the International airport of Málaga.

The project is designed in a semicircular form, which in addition to its south orientation, maximises the beautiful views of the surrounding environment. It offers modern apartments with 2 or 3 bedrooms and 2 bathrooms. All units have large terraces facing the well-maintained common areas.

The common areas include a large swimming pool, a children's play area, a paddle/tennis court, an outdoor fitness zone and a magnificent solarium.

The future owners have the possibility to personalise their homes, reflecting one's individuality and style. All apartments come with a storage room and a parking space.

If you would like to have more information about these new apartments for sale in Mijas, the floor plans or the availability, don't hesitate to contact us.
